GANGARAJU THAMMANNAGARI

Email: gangarajuthammannagari38@gmail.com | 9014790526 | LinkedIn | GitHub | LeetCode | CodeChef

PROFESSIONAL SUMMARY

Computer Science and Engineering student at Mohan Babu University with a 9.2/10 CGPA and practical project experience in web development and AI-based applications. Builds with Java, Python, SQL, and React, and practices problem-solving through coding challenges. Looking to contribute to a software team through clear communication, continuous learning, and reliable implementation.

EDUCATION

B.Tech, Computer Science & Engineering | Mohan Babu University, Tirupati | CGPA: 9.2/10 | Expected Graduation: 2027

Intermediate (MPC) | Mother Theresa Junior College, Palamaner | 91.4% | 2023

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript | **Backend & DB:** SQL | **Languages:** Java, Python, C

Tools: Git, GitHub, YOLO | **Others:** Machine Learning

PROJECTS

Hack2Care — AI-Powered First-Aid Web App | GitHub

• Developed a first-aid support web app with guided condition assessment, emergency logging, and nearby hospital discovery to help users find relevant information quickly.

• Integrated a React/TypeScript interface with a Node.js/Express backend, Google Gemini, interactive maps, and OpenStreetMap data.

Bolt & Nut Detector — YOLO-Based Object Detection | GitHub

• Built an object-detection project to identify and count bolts and nuts in images using YOLO, with a Python FastAPI backend and web interface.

Weather Prediction Website | GitHub

• Created a responsive weather interface using HTML, CSS, and JavaScript, with a focus on clear presentation and ease of use.

CERTIFICATIONS

• AWS Academy Cloud Foundations • ServiceNow Virtual Internship/Micro-Certification • Java Programming

• Coursera Advanced Relational Database and SQL Project

ACHIEVEMENTS

• Top 10 — Tech24 Hackathon (GDG) • Top 100 — INCEPTRIX Hackathon 2.0

LANGUAGES KNOWN

• English (Professional) • Telugu (Native) • Hindi (Conversational)

HOBBIES & INTERESTS

• **Coding Practice:** Solving Java array, string, and DSA problems on LeetCode and CodeChef

• **Tech Exploration:** Learning web technologies, exploring AI/software development, and designing simple user-friendly interfaces
